Press Release

Jelly Beans Voted Favourite Flower

New & Exclusive 2009 Californian Poppy 'Jelly Beans' was voted 'favourite flower' by visitors to the Thompson & Morgan Open Weekend. The open weekend event was held at the company's trial grounds in Ipswich and attracted thousands of gardeners from the local area and beyond.

Whilst at the event thousands of gardeners were asked to choose their favourite flower in the trial grounds and Californian Poppy 'Jelly Beans' came out tops. On hearing the news Thompson & Morgan's Horticultural Manager, Andrew Tokely said 'I am not surprised that this variety is a winner as the first time I saw it I was blown away too. Its blooms are larger than any other Californian poppy I have seen.'

Californian Poppy 'Jelly Beans' hosts a vibrant colour range reminiscent of an assortment of jelly beans. Its gorgeous, fully-double blooms glisten as they sit above their compact and feathery foliage in an array of orange, pink and appleblossom shades. Ideal for creating wonderful splashes of summer colour in sunny borders or containers.

For those keen to attend next year's Thompson & Morgan Open Weekend event it will take place on Saturday 1st and Sunday 2nd August 2009 at the company's trial grounds at Ipswich.

Californian Poppy 'Jelly Beans' is available from Thompson & Morgan stockists, from the 2009 Thompson & Morgan Seed Catalogue or online at www.thompson-morgan.com. Price £1.99 for 150 seeds.

To request a free copy of the 2008 Thompson & Morgan Seed Catalogue call: 01473 695224 quoting PRS9.
